Senator Fairbanks Notified of His Nomination by Republican National Convention.

## NOTABLE GATHERING AT HIS HOME

Ex-Secretary of War Root Outlined the Party's Policy in Making Speech of Notification.

On One Side of the Lawn Two Large Tents Were Erected Where the Crowd of Visitors Were Served a Luncheon.

Indianapolis, Ind., Aug. 4.—Charles W. Fairbanks, senior United States senator from Indiana, was Wednesday notified of his nomination for vice president of the United States by the republican national convention. The notification address was made by Elihu Root, ex-secretary of war, who was temporary chairman of the convention. The exercises were held on the wide veranda of Senator Fairbanks' beautiful home at Sixteenth and Meridian streets, in the presence of members of the notification committee, consisting of one member from each state and territory, the governor and other state officers of Indiana, the republican candidates for state office, the Indiana republican congressional delegation, Indiana delegates and alternates to the national convention, the state central committee and the Republican Editorial association. All these had been especially invited. On the lawn surrounding three sides of the residence and extending far on all sides beneath the great forest trees were several thousand friends, neighbors and political supporters of the senior senator. Massed in a body were 1,000 members of the Marion club, who had acted as escort for the distinguished visitors. Flags were seen everywhere. The house was elaborately decorated, and on one side of the lawn two large tents were topped by waving banners. The day was one of the most beautiful of the year.

The exercises were held on the veranda, the especially invited guests were served with luncheon in large tents on the lawn. The general public was served with light refreshments in the house and a photograph of the candidate and committee was taken from the steps of the veranda. The members of the notification committee began arriving on early morning trains. Shortly after noon the journey of one and one-half miles north, beneath the overlapping trees of Meridian street, began. Gathered at the residence were 5,000 people. Senator Fairbanks and Mrs. Fairbanks received the committee and especially invited guests, and with little delay Mr. Root and Senator Fairbanks led the way to the veranda, where seats were arranged for all. An enthusiastic greeting was accorded the two speakers as they appeared on the veranda. The demonstration lasted for several minutes, during which the members of the committee were seated. Mr. Root without preliminary addressed himself to the formal notification. Senator Fairbanks was given another ovation as he arose to accept the nomination. Both speeches were met with frequent outbursts of applause. As Senator Fairbanks concluded there were cordial greetings, and after a photograph was taken the party was escorted to one of the large tents on the lawn where luncheon was served with light refreshments in the house.

## TOO CONFIDING BOY.

Sage Advice Given Him May Result in His Death.

Louisville, Ky., Aug. 4.—In trying to put salt on the tail of a sparrow on the roof of his home, 217 Campbell street, little Peter Hines, the ten-year-old son of Patrick Hines, fell to the ground, 30 feet below, and suffered injuries that may prove fatal.

The Hines child and his playmate, Willie Watson, had been attempting to shoot sparrows with gumbo shooters all afternoon, with poor success, and finally decided to use a method that had been suggested to them by their elders—that of sprinkling salt on the sparrows' tails.

When Peter reached out to make his first catch he tumbled from the roof. Willie Watson was paralyzed with fear and spent the night on the roof, while the police searched the town for him. He was asleep when noticed by a neighbor.

Green was seen in company with Coomes on the night he disappeared. Feeling is strong against Green and should he be caught mob violence is not improbable.

## THE JAPS' REPULSE

Particulars of the Sanguinary Battle North of the City of Port Arthur.

## TWO GARRISONED FORTS TAKEN.

Eight Railroad Trains Were Kept Busy Carrying Wounded Soldiers Into the City.

Japanese, While Driven Back, Have By No Means Been Beaten, and a Renewal of the Fight Is Expected.

Che Foo, Aug. 4.—The steamer Wu-chow, which has just arrived here from New-Chwang, brings further details of the latest Japanese assault on Port Arthur. When nearing Che Foo the Wu-chow picked up a junk carrying seven men, four women and one boy who left Port Arthur Tuesday. They report that the fighting north of the city of Port Arthur occurred at Wolf Hill, and was sanguinary, resulting in the repulse of the Japanese. This hill is situated near the railroad, and eight trains were kept busy bringing the wounded soldiers into the city. The wounded men from the east forts reached Port Arthur in all kinds of vehicles, many, however, coming on foot, dragging shattered limbs. The Russians unite in declaring that the fortress will never fall, but they expect that scarcely a building will be left in the city where now there is scarcely a whole pane of glass.

The Wu-chow confirms the statement that the fighting abated during the night of July 28, but had not completely subsided when the refugees left. The Russian fleet, from its anchorage, shelled the advancing Japanese, after returning from what seems to have been a reconnoitering maneuver.

The Chinese arriving here Wednesday night say that the Japanese actually captured two lightly garrisoned forts on the east shore, but abandoned them when their comrades were repulsed from other positions. The Russians, however, insist that this is untrue. The forts at Port Arthur bristled with guns, including many of 8-inch caliber, but the naval artillerymen are alleged to have inflicted the heaviest loss on the Japanese.

The Japanese, while repulsed, have by no means been beaten, and a renewal of the fighting was expected when the junk departed Tuesday from Port Arthur.

Among the prisoners captured during the engagement on Wolf's mountain was a Japanese lieutenant carrying a freshly written letter stating that the fighting had been severe and the Japanese losses were heavy. The Japanese are now occupying the outposts trenches which they captured from the Russians. Both Japanese and Russian fleets are reported to be in excellent condition. Contraband goods for the Japanese continue to leave Che Foo via Wei-Hai-Wei.

Mr. Brister said Wednesday that no other change in the recent general adjustment of carriers' salaries was contemplated.

## MORE TEAMSTERS.

Those on the Ice Wagons Become Involved in the Meat Packers' Strike.

## CERTAIN DEALERS ARE BOYCOTTED

No Ice For Retailers Who Buy Their Own Meats From the Chicago Stock Yards.

In a Riot at the Yards Wednesday Night Two Policemen Were Seriously Injured and 28 Rioters Were Arrested.

Chicago, Aug. 4.—The threatened spread of the stockyards strike to outside industries came Wednesday night when an order was issued by the Teamsters' union prohibiting drivers of ice wagons from making any deliveries to retail merchants who, since the packing house teamsters went on strike, have been hauling meat from the yards in their own wagons. As the refrigeratorers in the meat markets do not hold enough ice to last longer than 48 hours, if the order cutting off the supply of ice can be enforced, it means that the majority of people in Chicago will be compelled to go on short rations as far as meat is concerned. The officials of the Teamsters' union have appointed pickets to watch the meat markets all over the city and these men have been instructed to see that the boycott is carried out to the limit.

In a riot which broke out at the yards Wednesday night two policemen were injured and 28 rioters were arrested after having been beaten into submission. The trouble started when five strike breakers from one of the machine shops in one of the packing plants were leaving the yards and tried to board a street car to go to their homes. Despite the signals of the strike breakers the motorists on 12 cars refused to stop, and a crowd standing nearby seeing a good opportunity to get revenge on the non-union men, commenced hurling stones at them. Two policemen who were guarding the entrance went to the assistance of the non-union men, but the rioters by this time had grown in numbers so rapidly that fully a thousand angry men were trying to get at the strike breakers. Retreating back into the machine shop, the policemen sat in a riot call for reinforcements. When the additional policemen arrived a charge was made on the rioters. The crowd was armed with bricks and stones and when the policemen started forward every man who could find room enough threw a brick.

Two of the bricks went true to the mark and two of the policemen dropped in their tracks, having been hit on the head. They were picked up by their companions and taken inside the machine shop, where it was found that one of them, Patrick Ryan, was suffering from a fractured skull. The other policeman was not so seriously hurt. Seeing the condition of their companions, the other 18 policemen made another charge on the crowd. This time the onslaught was in earnest, 18 clubs being swung from right to left with all the muscle that each man could muster. Each time a club descended it landed on a man's head and fully 50 of the rioters were beaten to the pavement in this manner before they showed any signs of scattering. As soon as the policemen saw they had the mob on the run they turned their attention to those who were lying on the ground and succeeded in arresting 28 of them before they could scramble to their feet and get away.

### NOT A PATENT MEDICINE

Hyomei, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomei with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomei is now sold by J. James Wood & Son under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

MAYSVILLE-COLUMBUS.

Good News in Reference to the Railroad North From Aberdeen to Ohio's Capital.

[Ripley News.]

In conversation with one of the owners of the O. R. and C. road we were assured that they were about to close a contract with the N. and W. people to operate their line into Hillsboro, and as soon as that was done they would build to Washington C. H., and operate from there over the Detroit Southern to Columbus, Ohio. The line of the O. R. and C. would then be extended from Ripley to Maysville, giving a connection with the L. and N. and C. and O. roads. This is a situation much to be desired by all. This would also give an opening to the Jackson coal fields, and ice in the river would have no more terrors should we be caught with a coal famine.

It takes time to build a railroad, but that ours will be built and put on a paying basis, we firmly believe.

A Ripley gentleman in town Wednesday stated that the C. and O. contemplated putting in a transfer at that point in order to better compete with the new road, and retain its freight traffic from that city.

Mr. B. D. Owens had only \$1,000 insurance on his house and \$500 on his furniture destroyed this week.

### WORK OF BAPTISTS.

Excellent Showing Made in Annual Reports at Wednesday's Meeting of Bracken Association—Dr. Harvey to Speak To night.

The Bracken Association met at 10 o'clock Wednesday in the First Baptist Church, this city. W. R. Nunnelly of Mt. Sterling was re-elected Moderator.

The annual sermon was preached at 11 o'clock by Rev. A. H. Ellis. After the sermon, the church letters were read and a handsome delegation was found to be on hand. Then followed a magnificent lunch served by the ladies in the upper parlor of the church. This was said to be much after the heart of the visitors.

The afternoon meeting was given to reports and discussions over various charity work, and on schools and colleges. Earnest and vigorous speeches were made by Rev. J. C. Holmes, J. R. Hollis, L. C. Kelly, J. J. Taylor and others. The reports showed that the Baptists are on the up grade in their work of benevolence. Withal they had a very profitable and interesting day. Quite a warm debate followed the report on Bracken Academy.

The evening session was at high tide. Dr. J. J. Taylor, President of Georgetown College, delivered a great address on "Baptists and Education." Then came that prince of temperance speakers, Dr. G. W. Young. 'Tis needless to say that he swept every thing before him. The fact is Dr. Young is a cyclone let loose against sin.

The meetings continue to-day, most of the time being given to discussions of mission work, Rev. W. W. Horner of Mayfield being the chief speaker. To-night Dr. W. P. Harvey will deliver his great address on "A Century of Baptist History in Kentucky," and Rev. H. T. Musselman will give "A Brief Story of the Church in Maysville."

The public cordially invited to all the sessions. The attendance last night was unusually large, almost the entire seating capacity of the church being occupied. Another large audience is expected to-night.
